The telling question

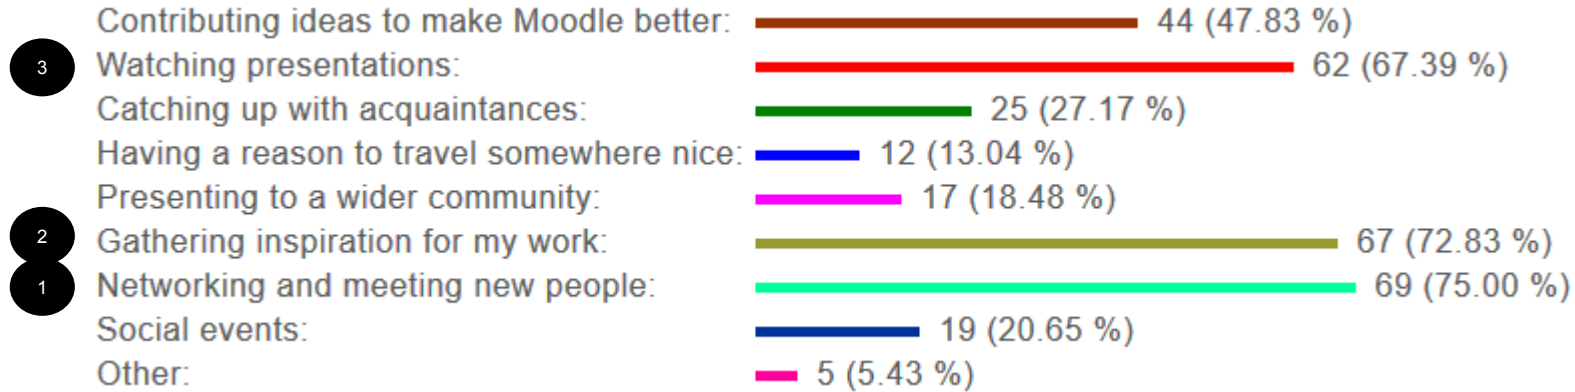

Attend next?

Recommend?

These are a few of my favourite things

Important: program + networking

Sponsors

45%

**I didn't visit
the sponsor
booths**

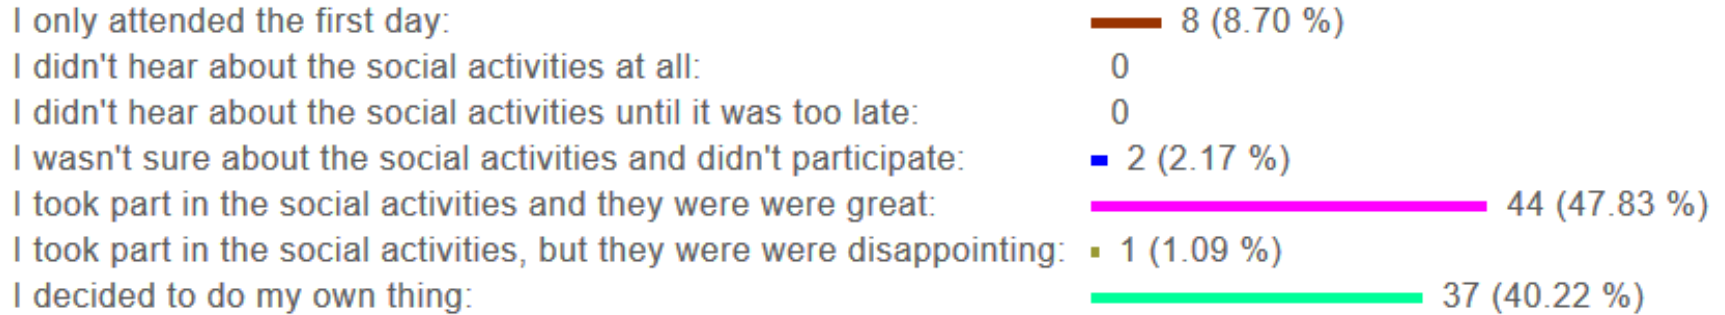

43%

**I visited the
sponsor
booths and
found the
them useful**

12%

**I visited the
sponsor
booths, but
I didn't find
them useful**

Social Activities

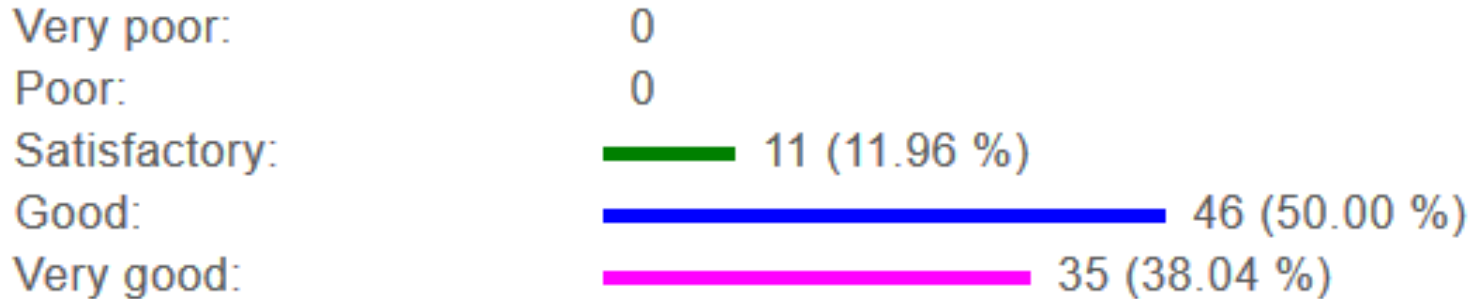

People who participated enjoyed it

Some will always do their own thing (fine)

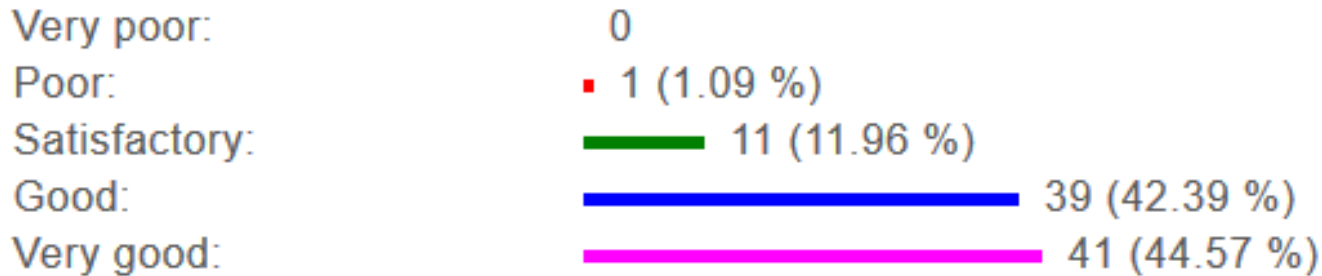

Attitudes

Website

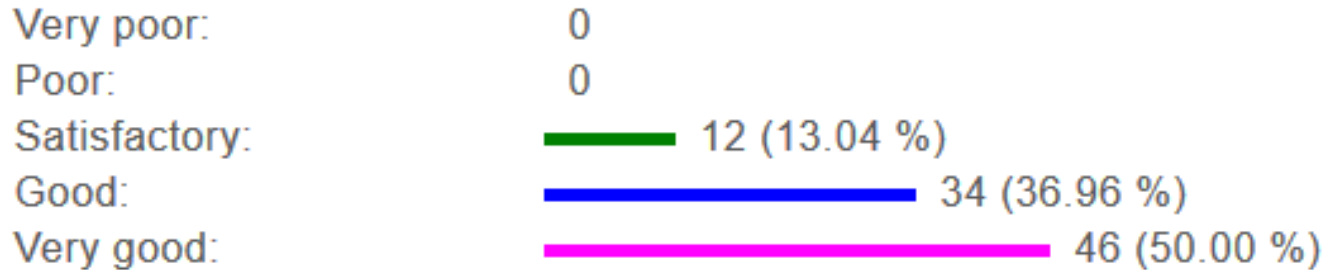

Moodle was used. Thumbs up!

Registration process

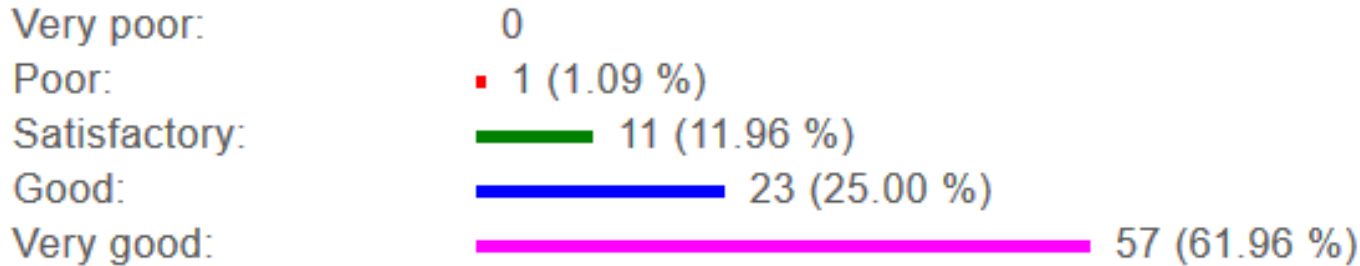

External system used. No real problem.

Rego/Information desk

People liked our smiling staff.

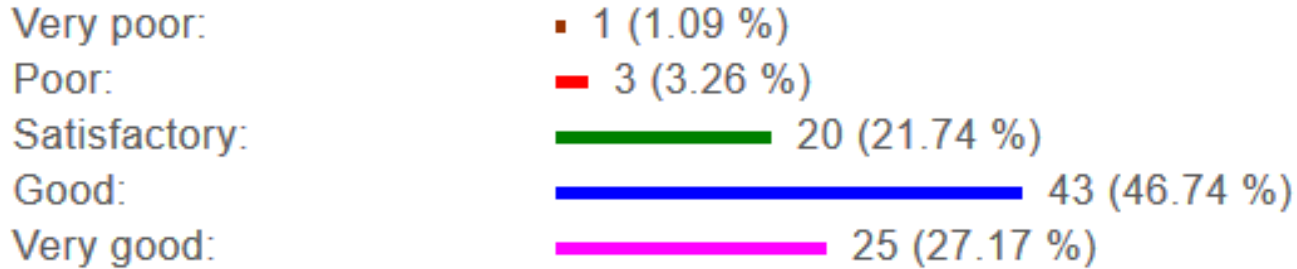

Venue

Mostly positive

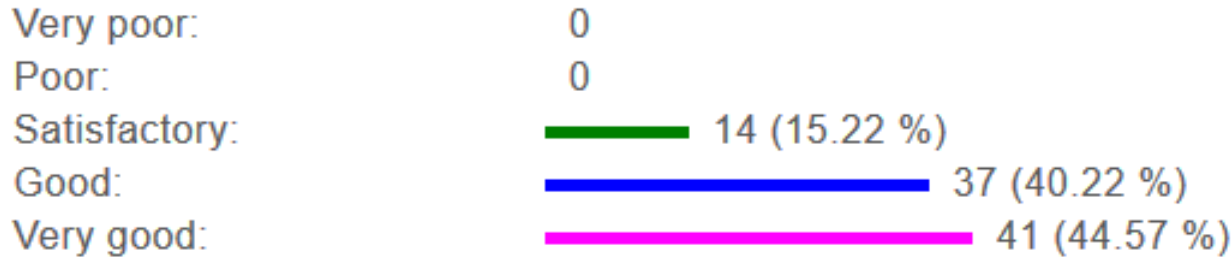

(Comments about distance between rooms)

Catering

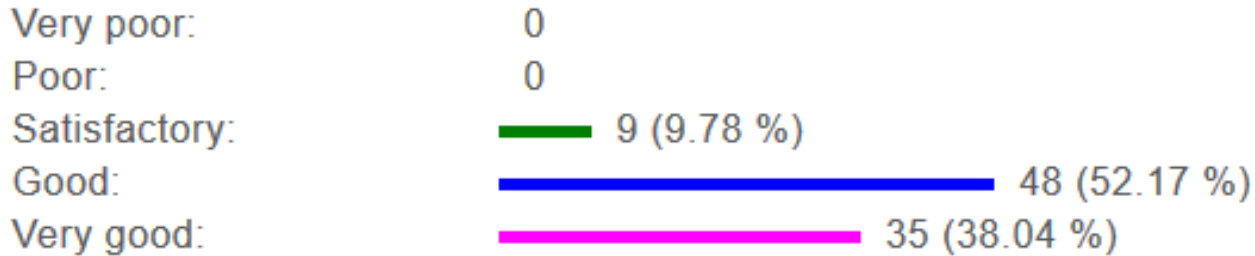

Some issues with catering, but mostly happy

Relevance to role/sector

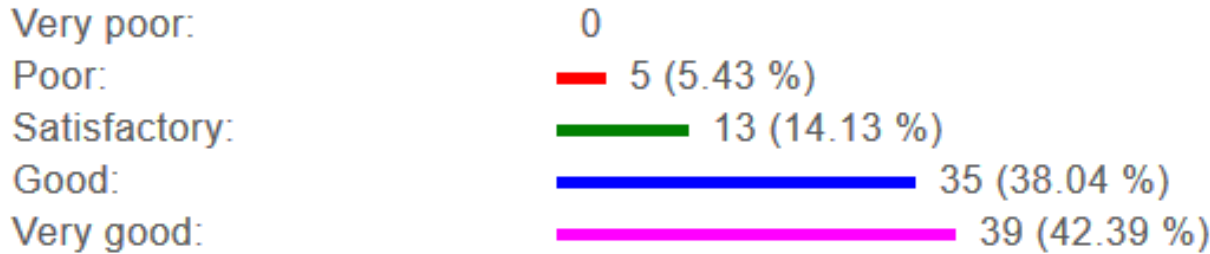

A big factor in deciding on the program
Worked well

Quality of presentations

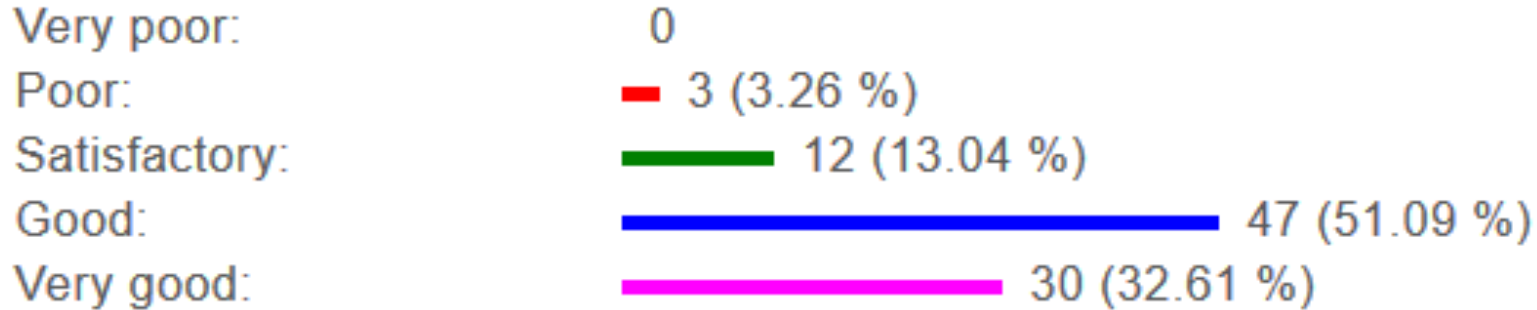

Good presentations

Organisation of streams

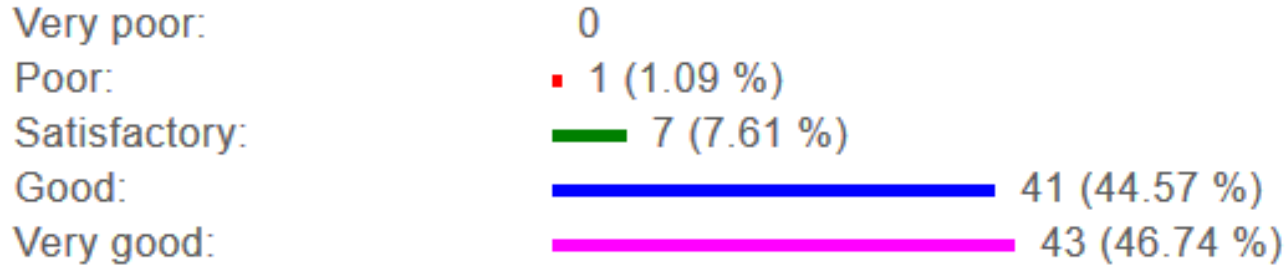

Generally good
(Comments wanting more freedom)

Time for questions, breaks

Pretty good

Printed Program

Well done

Duration

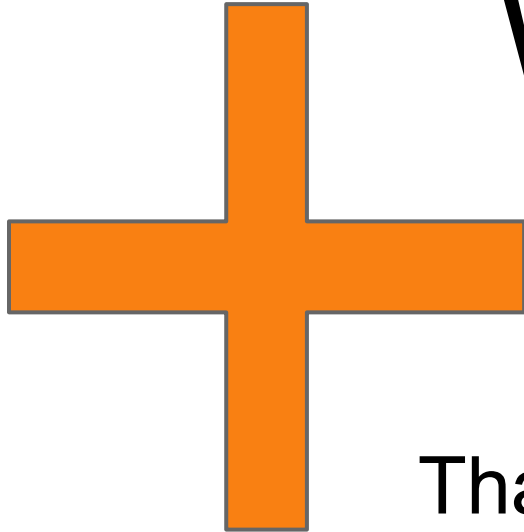

Suited most people

Comments

Unsolicited positive comments

Well organised

Contact with HQ

Presentations

Community

Good speakers/presenters

Thanks and expressions of enjoyment

Issues from comments

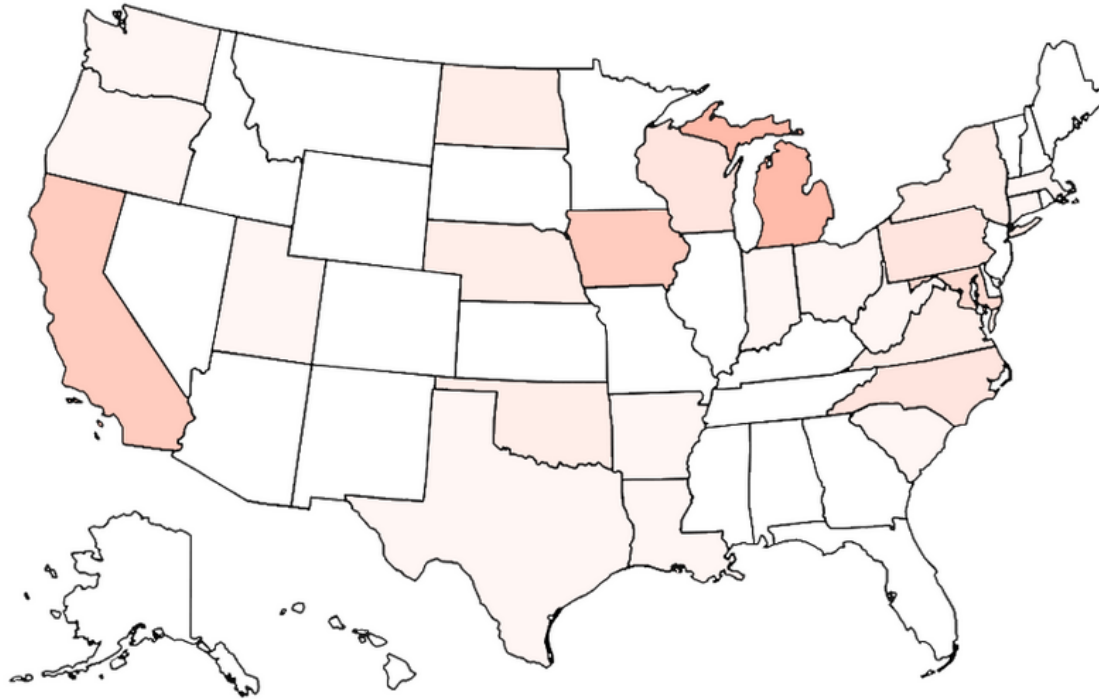

- **Flexibility to move: unable to shift (20%)**
- Engagement in sessions: more (10%)
- Presenter difficulties: various (7%)
- Dates of conference: inconvenient (5%)
- Working groups: overlap (5%)
- Relevance of content (5%)
- Catering: variety, difficulty (5%)
- Registration at conference, Contact with others, Timing of streams, Content for devs, Program content, Recording, Sponsorship, Registration options, Commercialism, Feedback collection, Hackfest, Printed program, Gender balance, Access to keynote materials

Improvements

- Keep rooms together and align sessions: allow freedom
- More active engagement
 - Day 1: workshops for new, working groups for expert
 - Guided discussion sessions grouped by role/sector
- Allow Open Document File presentation format
- Better communication with caterer
- Better flow at registration desk
- More break time
- More dev content sessions
